# Cop Console

Designer: Roberto Paoli

The top of the Cop Console acts as a “magic mirror”, reflecting and changing the meaning of things. The archetypal champagne flute, turned upside down and enlarged, defines the design of the base which consists of two large metal pedestals. The top is a contrast, an element of pure geometry that underlines

the demarcation line with the upside-down world imagined by Roberto Paoli. The console is available with a single colour painted metal base and a top in wood, ceramic or marble.
